

Airbag World

Description:

Heavy Duty Air Bellows for leaf sprung utes and 4WDs, including: Toyota Landcruiser Ford F250/F350 Nissan Patrol Ford Falcon Ute and RTV Holden Rodeo Holden Cross 6, Cross 8 and Adventra models Toyota Hilux Nissan Navara Mazda B Series Mitsubishi Triton Toyota Hiace Ford Courier Ford Explorer Hino Chevrolet Mercedes Iveco Isuzu Mitsubishi Dodge

This product gives leaf sprung vehicles an air adjustable rear suspension. This makes the vehicle safer when loaded by keeping the front wheels in contact with the road, eliminating sway and improving cornering (wet or dry).

A1 Air Bellows are: Air adjustable 10 – 100 PSI Heavy Duty construction A must for constantly loaded vehicles Easy to fit Easy to use
